More Than 4,000 Pest Management Companies Can't be Wrong

Ken Unger, president of family owned and operated Suburban Pest Control of New York, has been working with Select Insurance for 15 years.

"At the time, we were being grossly overcharged for auto, workers' compensation, liability and property insurance. Select has buying power because of its volume, and they were really able to help us. Frank and Phillis are good at managing problems that arise and are always there when you need them. Overall, I am very happy and would recommend them to anybody. They are very trustworthy, and you don't have to worry because you're covered from head to toe."
